

Pro Line 4 - CRJ200 Multifunction Display (MFD)

RCPN 523-0808747

Type of Course: Operator/Maintenance Training

Approximate Course Duration: 20 Minutes

This course provides training to familiarize operators and flight line maintenance personnel with the controls and displays associated with the operation of the CRJ200 Pro Line 4 system.

Upon completion of this course, the student will be able to:

1. Understand the description and theory of operation for the Multi-function Display (MFD).
2. Understand the description, operation, and theory of operation for the Display Control Panel (DCP).
3. Understand the description, operation, and theory of operation for the Weather Radar Panel (WXP).

Price per Student: \$25.00*

***This price entitles the student to ninety (90) days of access to the training materials.**
