Pro Line Fusion® - King Air Flight Line Maintenance

RCPN 523-0823320
Type of Course: Flight Line Maintenance (Level I)
Approximate Course Duration: 4 Hours

This course provides line maintenance personnel with training to operate and perform flight line maintenance for the King Air Pro Line Fusion® system.

Upon completion of this course, the student will be able to:
1. Provide an overall understanding of King Air Proline Fusion Avionics principles and operation.
2. Identify system components and the functional/operational characteristics of each Line Replaceable Unit (LRU).
3. Identify typical aircraft system interface/system architecture.

Price per Student: $800.00*

*This price entitles the student to ninety (90) days of access to the training materials.
