

Venue Quote Tool

RCPN 523-0822291

Type of Course: Customer Quote Training

Approximate Course Duration: 2 Hours

This course provides personnel with training on the web-based Aftermarket Quote Tool (QT) that allows users to generate a quote for Venue products. The QT is designed to be used by the Dealer Salesperson, Dealer Engineer, and RC Sales Engineer with the goal of providing accurate, real-time quotes, thereby reducing the response time to the customers. The QT allows the user to track the status of a quote (i.e. Draft, Review, or Accepted). Quotes can be easily shared with peers and modified for reuse within the Venue Tools Portal. The QT provides a Venue Cabin Management System (CMS) report with Line Replaceable Unit (LRU) graphics, LOPA, and Bill of Materials (BOM).

Upon completion of this course, the student will be able to:

1. Locate the Venue portal.
2. Identify the Quote Tool tab.
3. Understand how to populate and edit the results of:
 - Quotes
 - Floor Plan Templates
 - Quote Price Preferences
 - Options
 - Floor Plan
 - Custom Components
 - Port Usage Notifications
 - Bill of Materials

Price per Student: \$25.00*

***This price entitles the student to ninety (90) days of access to the training materials.**
