Course Syllabus: 523-0808745

COURSE TITLE: Pro Line 4 – CRJ200 Display Reversion
Operator/Maintenance Training

PREREQUISITES:

Students should have a basic knowledge of aircraft avionics systems and a working command of the English language. Students should be familiar with MS Windows® based Operating Systems.

PURPOSE:

This course provides training to familiarize operators and flight line maintenance personnel with the controls and displays associated with the operation of the CRJ200 Pro Line 4 system.

OBJECTIVES: Upon completing this course, the student should be able to:

1. Understand the description, operation, and theory of operation for the Multifunction Display (MFD) Reversion Panel.
2. Understand the description, operation, and theory of operation for the Center Reversion Panel.

COURSE LENGTH: 15 Minutes
