Subsidiary of

Rockwell Collins Inc  
EASA  
Capabilities List

**Reference Number: EASA.145.0328-002**

**Issue No. 34  
May/04/2018**

### Key Information

Maintenance Organization EASA.145.0328 Mexicali Baja  
California México

NOTE: All work performed by this repair station is receive in Calexico and routed to Mexicali for repair/modification It is also returned to Calexico for shipment back to the customer

Repair stations operate to the same inspection procedures manual and quality system

Part number dash ending "XXX" indicates multiple status endings

Subcontractors are identified on Ensambladores Electrónicos de México S de RL de CV repair station subcontractor list

Subcontracted repaired products are identified with asterisks (\*) in this capabilities list if applicable

The following document types are used for maintenance (repair test inspection) of the products on the capabilities list:

<b>Type of Document</b>	<b>Acronyms</b>
Acceptance Test Procedure	ATP
Production Test Requirements	PTR
Configuration Test Requirements	CTRD
Temporary Supplemental Test Procedure	TSTP
Test Method	TM
Production Test Procedure	PTP
Technical Support Procedure	TSP
Component Maintenance Manual	CMM
Service Bulletin/Airworthiness Directive	SB/AD

Top level drawings/subassembly drawings/product specifications

Insp procedures/workmanship manual/modification standards/approved Standard repairs subcontractor procedures/methods/manuals/standards

The manufacturer of all the listed part number is Rockwell Collins.
