

REQUIRED INFORMATION ON HOW TO SEND YOUR EQUIPMENT FOR REPAIR

The following data requirements are needed to avoid delays during the repair process.

SHIP TO : Rockwell Collins Attn: I&SS Dock 8
 c/o UPS-SCS 1757 Carr Rd Suite 100E Calexico, CA 92231

1 - Provide a Purchase Order (repair or warranty order) with the following data, if found insufficient unit will be placed on hold and additional charges may apply. Ship to Sender if failure to provide information may ultimately be performed.

Hardware Information	Customer Information
Part number	Aircraft Owner Name (Sold To)
Serial number	Aircraft Owner Address (Ship To)
Current Mod status	Bill To Address
Requested Mod status	Purchase Order Number
Quantity	Aircraft Type, Aircraft Serial Number and Tail Number
Amount	Shipping carrier (UPS, FedEx, etc), Shipping Instructions (P1, RED, Priority, etc) and Shipping Account Number
	Ship To Address (if different)
	Specify airworthiness certificates required (e.g. FAA, EASA, etc), please note we don't have dual release capability, if needed, separate tags will be supplied
	Level of work to be performed (Repair, Overhaul, Inspect, Tested, Modify), please choose only one
	Email address from point of contact Phone Number

2 - Attach a copy of Packing List to exterior of package

3 - If an Expedite repair is needed or labeled AOG, please contact your Service Center Rep stating Airway Bill number (AWB), Flight Number and Estimated Time of Arrival (ETA) to Calexico.
