Mr. Paul Ivan Martinez Yin  
Ensambladores Electronicos de Mexico  
Avenida Sierra San Agustin No. 2498  
Col. El Porvenir, CP 21185  
Mexicali, Baja California, Mexico

Date: September 28, 2020

**Subject: Authorization of FAA-certificated Repair Stations located outside the United States**

Dear Mr. Martinez Yin,

This letter authorizes Ensambladores Electronicos de Mexico, Certification No. ED7Y210Y to perform maintenance and modifications on aeronautical products, excluding aircraft, under TCCA regulatory control pursuant to Section B, Paragraph 4.0, of the FAA/TCCA Maintenance Implementation Procedures (MIP).

This authorization is limited to civil aeronautical products manufactured by Rockwell Collins and the work performed must be within the ratings and limitations contained in your 14 CFR Part 145 certificate, operations specifications and current capability list. Any changes applied to your certificate, operations specifications, or capability list will invalidate this authorization and a new authorization request will be required by TCCA.

This TCCA authorization shall remain in effect until Ensambladores Electronicos de Mexico FAA Repair Station Certificate expires September 30, 2021 or if the Certificate has been surrendered, suspended or revoked. In order to renew this authorization, TCCA requires Ensambladores Electronicos de Mexico to provide their renewed certificate, and demonstrate compliance with the MIP Section B, Paragraph 4.1, as part of their new authorization request.

Regards,

Dean Barrett  
Civil Aviation Safety Inspector  
Operational Airworthiness, Standards
