4. PAYMENT

- 4.1 Unless otherwise specified in an Order, payment of invoices issued under any Order shall be due and payable 90 days following Buyer's receipt thereof, provided (i) the associated Goods have been delivered pursuant to Buyer's requirements and (ii) Buyer's invoicing requirements have been satisfied (including, without limitation, references to the applicable Order number, description of items, quantities, unit prices, and taxes).

If the Order requires specific Goods to perform as a system, the foregoing Warranty also shall apply to those Goods as a system. Inspection, test, acceptance, or use of Goods furnished hereunder shall not affect Supplier's obligations under this Warranty, and such Warranties shall survive inspection, test, acceptance, and use.
- 7.2 Supplier warrants to Buyer and Buyer's successors and assigns that all Services provided under or in connection with an Order: (i) have been, if applicable, and will be performed in a professional and workmanlike manner and in accordance with current, sound, and highest generally accepted industry standards and practices by appropriately licensed, trained, and supervised personnel who are experienced in the appropriate fields; and (ii) do, if applicable, and will conform to and be in compliance with all applicable

Specifications, performance requirements, and other requirements contained in the Order (the "Additional Service Warranty").

73. Buyer may require Supplier to promptly (i) repair or replace, at Buyer's option, any Goods which breach the Warranty and (ii) re-perform or correct any Services which breach the Additional Service Warranty, in each case at no additional charge. Goods returned to Buyer hereunder shall be shipped at Supplier's expense and risk of loss and shall be accompanied by notice stating whether they are new replacements or repaired originals, and shall continue to be covered under this Warranty. Supplier shall conduct intake, review, analysis, and any other activity required to evaluate whether the returned Goods are covered by the Warranty at no expense to Buyer.
74. Notwithstanding any other provision, in addition to the foregoing, Supplier shall be liable for Buyer's actual costs, expenses, and damages related to or arising from Goods and/or Services not conforming to the Warranty or the Additional Service Warranty, including but not limited to labour and other costs related to transportation, expediting, removal, disassembly, failure analysis, fault isolation, assembly, reinstallation, re-inspection, retrofit, replacement, and any and all other such corrective action costs incurred by Buyer.
75. Supplier warrants to Buyer that all documentation and certifications by Supplier or Supplier's subcontractors or business partners related to the Goods, Services, and Order, as applicable, are current, complete, truthful, and accurate and have been signed or stamped, as applicable, by individuals authorized and qualified to sign or stamp such documentation and certifications.
76. Except for permits and/or licenses required by statute or regulation to be obtained by Buyer, Supplier agrees to obtain and maintain, at its own expense, all permits, licenses, and other forms of documentation required by Supplier in order to comply with all existing national, state, provincial, or local laws, ordinances, and regulations, or of other governmental agency, which may be applicable to Supplier's performance of work hereunder. Buyer reserves the right to review and approve all applications, permits, and licenses prior to the commencement of any work hereunder.

8. INDEMNIFICATION

- 8.1. Supplier shall keep fully indemnified and hold harmless at all times Buyer, Buyer's Customers, insurers, Affiliates, and their employees, workers, agents, officers, and directors from and against all suits, claims, judgments, awards, damages, fines, costs, compensation, interest, expenses, professional fees (including but not limited to attorneys' fees) and other losses ("Losses") relating to, arising directly or indirectly out of, caused by or in connection with (i) the performance hereunder, (ii) any act or omission of Supplier, or (iii) any Goods or Services. Supplier's indemnification obligation hereunder covers, without limitation, injuries, sickness, diseases (including occupational disease whenever occurring), or death of Supplier or Buyer employees. Supplier's indemnification obligation hereunder further covers, without limitation, any. Losses suffered or incurred by Buyer, any Affiliate of Buyer, Buyer's Customers, Buyer's insurers, and/or any employees, workers, agents, officers, and directors of the same, in relation to Supplier Personnel and arising directly or indirectly out of or in connection with the operation of an Order and/or Agreement and/or the termination of the same (or any part thereof), including but not limited to:

- 82. any act, fault or omission of Supplier and/or its agents, representatives or subcontractors in relation to any Supplier Personnel, whether before or after the date of an Order or Agreement;
- 83. any act, fault or omission of Supplier and/or its agents, representatives or subcontractors which is deemed to be (or alleged to be, whether correctly or not) an act, fault or omission of Buyer and/or any Affiliate of Buyer by virtue of the Transfer of Undertakings (Protection of Employment) Regulations 2006, as amended from time to time ("TUPE");
- 84. any claim or allegation by or on behalf of any Supplier Personnel that either Party has failed to comply with any of its/their obligations under TUPE;
- 85. any claim or allegation by or on behalf of any Supplier Personnel or any finding or decision by any court or tribunal that any Supplier Personnel has become or will become employed or engaged by Buyer or any Affiliate of Buyer by virtue of TUPE (the "Supplier Transferring Employee"); and/or

- 87. If any third party makes a claim, or notifies an intention to make a claim which may reasonably be considered likely to give rise to a liability under any indemnity given by Supplier ("Claim"), Supplier shall, upon written notice from Buyer, promptly assume and diligently conduct the entire defense of a Claim at its own expense. Insofar as Buyer's interests are affected, Buyer shall have the right, at its own expense and without releasing any obligation of Supplier, to participate and intervene in a Claim. Buyer shall have the right to reasonably reject counsel selected by Supplier. Supplier shall not enter into any settlement without Buyer's prior written consent, which shall not be unreasonably withheld.
- 88. Buyer may supersede Supplier in the defense of any Claim, and assume and conduct the defense at Buyer's sole discretion. In such an event, Supplier shall be released from any obligation to pay for attorneys' fees and court costs, but not settlement or damages, and any such release is expressly conditioned on Supplier's complete cooperation with Buyer in Buyer's defense of such Claim at Buyer's expense. Buyer shall not enter into any settlement without Supplier's prior written consent, which shall not be unreasonably withheld.
- 89. Notwithstanding anything to the contrary contained herein, this Clause 8.9 shall not limit or exclude the liability of either Party for death or personal injury resulting from its negligence, or for any damage or liability incurred by one Party as a result of fraud or fraudulent misrepresentation by the other Party.

9. PRODUCT SUPPORT OBLIGATION

Supplier shall maintain, at its expense, the ability to, and shall, provide, at no additional cost to Buyer, product support for the Goods and/or Services until 10 years after the last Order is placed by Buyer.

10. TAXES

Unless otherwise stated in this Agreement or the Order, all payments or prices are exclusive of any transactional taxes, including sales and use, value-added, goods and services, or any other taxes, fees or duties ("Taxes") levied in regard to any of the transactions covered by the Order. Buyer shall, on receipt of a valid VAT invoice from the Supplier, pay to the Supplier such additional amounts in respect of VAT as are chargeable on a supply of Goods and/or Services. - 104. Supplier shall, upon receipt from any tax authority of any levy, notice, assessment, or withholding of any Taxes for which Buyer may be obligated, notify Buyer in writing at its stipulated address, directed to: Director, Indirect Tax. The Parties shall cooperate in the resolution of disputes pertaining to any Taxes. If Buyer may directly contest any Taxes, then it may do so and, to the extent permitted by law, withhold payment during contest pendency. If Buyer is not so permitted, Supplier shall contest the Taxes as requested by the Buyer.
- 105. Supplier shall deliver electronically by way of the Internet all software of any type, including manuals. Supplier shall separately itemize the prices of electronically delivered software, licenses, fees and Services on invoices. Invoices shall clearly indicate the manner of software delivery by inclusion of the phrase, "software delivered electronically to the customer via the Internet."
- 106. The Parties agree to cooperate and amend these Terms and Conditions, if necessary, to eliminate or reduce any applicable taxes, duties, levies, excises, import fees, clearance costs or other charges of any kind which may be payable by either Party, including, where applicable, securing any certificate of exemptions or recoveries in such a manner so as to eliminate or reduce said taxes or charges provided that such changes or amendments do not transfer the tax burden from one Party to the other Party.

11. INSPECTION AND AUDIT RIGHTS

- 11.1 Supplier (which, for the purposes of this Section, includes Supplier and its suppliers, subcontractors and business partners) shall at any time, and after reasonable notice by

Buyer, (i) grant to Buyer, Buyer's authorized representatives, Buyer's Customers and/or to any competent regulatory authority, unrestricted access to (or if requested by Buyer, provide to Buyer copies of) Supplier's books, records and documentation (including, without limitation, those pertaining to quality, legal and regulatory compliance, inspection and testing of Goods and Services, physical and network security and data protection procedures and controls, ethics and compliance programs, and any other requirement or obligation under the Order, but excluding financial books and records), wherever such books and records may be located (including third-party repositories and at facilities of Supplier's suppliers, subcontractors, and business partners used in connection with the Order), and (ii) provide Buyer, Buyer's authorized representatives, Buyer's Customers and any competent regulatory authority the right to access Supplier's premises, and to perform any type of inspection, test, audit or investigation with respect to Supplier's premises and network, including, without limitation, manufacturing and test locations used in connection with the Order, for the purpose of enabling Buyer to verify compliance with the requirements set forth in the Order or for any other purpose indicated by Buyer's Customers and/or said authority in connection with the design, development, certification, manufacture, sale, use and/or support of the Goods and/or Services. Supplier and its suppliers, subcontractors and business partners shall cooperate with Buyer, Buyer's authorized representatives, Buyer's Customers and/or any such authority to furnish all reasonable facilities for and assistance with the safe performance of inspections, tests, audits and/or investigations in connection with any Order and Goods and/or Services thereunder.

- 112. Supplier shall maintain such complete books, records, and documentation for all Goods and/or Services, which shall be available to Buyer during performance of an Order and until the later of: (i) 4 years after final payment, (ii) final resolution of any dispute involving the Goods and/or Services delivered hereunder, (iii) the latest time required by an Order, (iv) the latest time required by applicable laws and regulations, (v) the latest time required by ASQR or Enterprise Q-Notes version effective as of the date of the Order, as applicable, or (vi) as otherwise directed by Buyer.
- 113. Any corrective action requested by Buyer, Buyer's Customers and/or any said authority following any such inspection, test, audit or investigation shall be implemented by Supplier at Supplier's cost.
- 114. In addition to any other inspection or audit rights granted to Buyer hereunder, Buyer (and Buyer's authorized representatives) may inspect and audit, on reasonable notice, Supplier's financial books and records if the Order: (i) is a time and material order, (ii) is a cost-based order, or (iii) provides for advance or progress payments based on costs incurred by Supplier.

12. BUYER PROPERTY

All tools, equipment dies, gauges, models, drawings, or other materials furnished by Buyer to Supplier or made by Supplier for the purpose of the Order or paid for by Buyer and all replacements thereof and materials attached thereto, shall be and remain the property of Buyer. All Buyer's property and, whenever applicable, each individual item thereof, will be plainly marked and otherwise adequately identified by Supplier as being Buyer's property, will at Supplier's expense be safely stored (separate and apart from Supplier's property whenever practicable) and maintained and will be kept free of all liens, claims,

encumbrances, and interests of third parties. Supplier shall be responsible for loss of and damage to Buyer's property. Supplier will not substitute any property for Buyer's property, will not deliver or make available to any third party any of Buyer's property or any property or goods developed, manufactured, or created with the aid of any of Buyer's property and will not use any of Buyer's property or any property or goods manufactured, developed or created with the aid of Buyer's property, except in fulfilling the Orders of Buyer. Upon completion by Supplier of the Order, or upon the written request of Buyer at any time, Supplier will prepare all Buyer's property for shipment and deliver such property to Buyer in the same condition as originally received by Supplier, reasonable wear and tear excepted. Buyer shall have the right, at all reasonable times, upon prior notice to enter Supplier's premises to inspect any and all Buyer's property and any property or goods manufactured, developed, or created with the aid of any Buyer's property. Should Supplier be unable to deliver Goods pursuant to the Order, Buyer, by written notice, may vest in itself title to finished parts, raw materials, or work in process associated with the Order and Supplier shall deliver all such material and other Buyer property to such location or locations outside its facility as may be designated by Buyer.

13. CHANGES

- 13.1 Buyer's authorized procurement representative (which does not include Buyer's engineering and technical personnel) may unilaterally make changes within the general scope of the Order, including changes in whole or part to: (i) shipping, waste reduction, or packing instructions, (ii) place of delivery, (iii) any designs, Specifications, and drawings, (iv) the statement of work, (v) the method or manner of performance, (vi) Buyer Items, facilities, equipment, or materials, (vii) flowdown requirements from contracts between Buyer and Buyer's Customer, and/or (viii) quality requirements (collectively "Change(s)"). Supplier shall perform any Changes ordered by Buyer. Any Order terms that incorporate flexibility for variations or modifications shall not be considered Changes within the meaning of this Section.
- 13.2 If any Changes cause an increase or decrease in the cost, time required for the performance, or otherwise affect any other provision of the Order, an equitable adjustment shall be made and the Order shall be modified in writing accordingly. Supplier's claims for adjustment under this Section shall be deemed waived unless asserted in writing (including the amount of the claim) and delivered to Buyer within 15 days from the date Supplier receives the Change order.

14. INSURANCE

- 14.1 Without limiting Supplier's duty to hold harmless and indemnify hereunder, Supplier agrees to secure, maintain and require its subcontractors to maintain, as a minimum the insurance noted in the Order or, if none is specified, the following minimum insurance coverages and limits:
- 14.1.1. Workers' Compensation Insurance, inclusive of an alternate employer endorsement, in an amount sufficient by virtue of the laws of the U.S., foreign country, state, or other governmental subdivision in which the work or any portion of the work is performed and Employer's Liability Insurance in the minimum amount of \$1,000,000 for any one occurrence;

- 14.1.2. Commercial General Liability Insurance and Umbrella Liability Insurance including Premises Liability and Contractual Liability, in which the limit of liability for property damage and bodily injuries, including accidental death, shall be at a minimum, a combined single limit of \$5,000,000 for any one occurrence;
142. In addition to the minimum insurance requirements set forth above, Supplier also agrees to secure, maintain and require its subcontractors to maintain, the additional insurance coverages and limits relevant to Supplier's performance of the Order, as specified in Attachment A hereto (the "Additional Insurance Coverage Requirements").
143. All such insurance shall be issued by companies authorized or permitted to do business under the laws of the State or jurisdiction in which all or part of the Services are to be performed, and must have an AM Best financial rating of A- or better or an equivalent rating as produced by another rating agency acceptable to Buyer.
144. The insurance coverages described in these Terms and Conditions and in an Order, shall be in a form satisfactory to Buyer, and shall contain a provision prohibiting cancellation or material change except upon at least 30 days' (7 days' in the case of War Risks Insurance) prior notice to Buyer. All such insurance policies or self-insurance will be primary in the event of a loss arising out of Supplier's performance of work and shall provide that where there is more than one insured the policy will operate, except for the limits of liability, as if there were a separate policy covering each insured and shall operate without right of contribution from any other insurance carried by Buyer. Certificates evidencing such insurance and endorsements naming RTX and Buyer as an additional insured under the Commercial General Liability and Umbrella Liability insurance or, in the case of All Risk Property Insurance, naming RTX and Buyer as a loss payee, shall be filed with Buyer upon execution of any Order and before commencement of any work hereunder, and within 30 days after any renewals or changes to such policies are issued. To the extent permitted by law, Supplier and its insurer(s) agree that subrogation rights against RTX and Buyer are hereby waived under the Commercial General Liability, Umbrella Liability, Auto Liability and Workers Compensation insurance; such waiver shall be reflected on the insurance policies. Supplier shall, if requested by Buyer, advise Buyer of the amount of available policy limits and the amounts of any self-insured retention. The certificate of insurance shall identify the contract number or work to be performed and shall acknowledge that such coverage applies to liabilities incurred by Supplier, its employees, invitees or agents under any Order and that such insurance shall not be invalidated by any act or neglect of Supplier whether or not such act or neglect is a breach or violation of any warranty, declaration or condition of the policies.
145. Buyer's failure to monitor compliance or unsatisfactory compliance with the terms of these insurance requirements does not modify or waive Supplier's obligations hereunder.
146. Any self-insurance, self-retained layer, deductibles, and exclusions in coverage in the insurance policies described above or in the applicable Additional Insurance Coverage Requirements, will be assumed by, for the account of, and at the sole risk of Supplier. In no event will the Supplier's liability be limited to the extent of the minimum limits of insurance required herein. Supplier shall require its subcontractors to maintain insurance in the amounts and types required by this Section.

15. TERMINATION FOR CONVENIENCE

151. Buyer may, at any time, terminate all or part of the Order or Agreement, for its convenience upon written notice to Supplier.
152. Upon termination, in accordance with Buyer's written direction, Supplier will immediately: (i) cease work and place no further subcontracts or orders for materials, services, or facilities, except as necessary to complete the continued portion of the Order; (ii) prepare and submit to Buyer an itemization of all completed and partially completed Goods and/or Services; (iii) if requested by Buyer, deliver to Buyer any and all Goods and/or Services completed up to the date of termination at the pre-termination Order price; and (iv) if requested by Buyer, deliver any work-in-process.
153. In the event Buyer terminates an Order or Agreement for its convenience after performance has commenced, Buyer will compensate Supplier only for the actual and reasonable work-in-process costs incurred by Supplier on Goods and/or Services required to be delivered within the reasonable average time required to manufacture and deliver the Goods and/or perform the Services. Supplier shall use reasonable efforts to mitigate its own and Buyer's liability under this Section. In order to receive compensation, Supplier must submit its termination claim, by means of a form and process directed by Buyer, within 90 days from the effective date of the termination, or any period of time as stated by the Buyer to Supplier in a written notice.
154. Buyer shall not be liable to Supplier for costs or damages other than as described above, and in no event for lost or anticipated profits, or unabsorbed indirect costs or overhead, or for any sum in excess of the price allocated to the portion of the Order terminated.
155. Notwithstanding anything to the contrary in these Terms and Conditions, an Agreement, or any Order, Buyer shall not be liable to Supplier for any costs or damages whatsoever for a termination for convenience with respect to a particular program of any of Buyer's Customers, if the termination is due to the cancellation, in whole or in part, of such program by Buyer's immediate customer(s) or Buyer's ultimate customer(s) or the bankruptcy or insolvency of such customer(s).

16. TERMINATION FOR DEFAULT

161. Buyer may, by written notice, terminate the Order or Agreement, or any portion thereof, for default without any liability or obligation whatsoever to Supplier for the portion terminated, in the following circumstances: (i) Supplier fails to perform any obligation hereunder, including a delivery obligation; (ii) when Buyer has reasonable grounds for insecurity, and Supplier fails to provide adequate assurances of performance within 10 days following Buyer's demand or, (iii) should Supplier (a) become insolvent, (b) become unable to pay its debts as they mature, (c) make a general assignment for the benefit of creditors, (d) have a receiver appointed for the whole or any substantial part of its assets, or (e) become in any way the subject of a bankruptcy petition (each in Subsection (iii), a "Supplier Insolvency").
162. Buyer shall have no liability in relation to those Goods and/or Services terminated for Supplier's default. Supplier shall be liable to Buyer for any and all expenses, costs, and damages including increased re-procurement costs and other non-recurring costs, except

in the circumstance of any failure or delay constituting an "Excusable Delay" as set forth in the Section herein entitled "Force Majeure."

163. If the Order or Agreement is entirely or partially terminated under this Section other than pursuant to a Supplier Insolvency, Buyer, in addition to any other rights Buyer may have, may require Supplier, at no charge to Buyer, to: (i) deliver to Buyer all information, data, know-how, and other Intellectual Property, including proprietary and manufacturing information, utilized by Supplier in performing the Order; (ii) provide technical and transition assistance, including continuing to provide access to RTX Information stored by Supplier until delivered to Buyer or Buyer's designee; and (iii) provide to Buyer a worldwide, perpetual, non-exclusive, fully paid, irrevocable, license, with the right to grant sublicenses, to Supplier's information, data, know-how, and other Intellectual Property, including proprietary and manufacturing information, to the extent necessary, to enable Buyer to use, sell and license the Goods and/or perform, or have performed, the Services.
164. In addition to and not in lieu of any other Buyer rights, at Buyer's request, upon termination or expiration of the Order or Agreement, or any portion thereof, Supplier will provide technical and transition assistance services ("Transition Services") pursuant to these Terms and Conditions to ensure an orderly and timely transfer to Buyer or a third party at no increased rate charges to Buyer. As part of such Transition Services, Supplier will use commercially reasonable efforts to perform assistance as reasonably requested by Buyer to: (a) facilitate an orderly transition, including assisting with preparing and planning for transition, timely execution of the transition plans and post-transition support and assistance; (b) continue to provide the Services in accordance with any Order; and (c) perform such other transition assistance required to minimize disruption in Buyer's operations. Supplier shall continue to provide access to RTX Information (as defined herein) stored by Supplier until delivered to Buyer or Buyer's designee, and, in compliance with applicable laws, shall thereafter delete and/or destroy all copies thereof in accordance with these Terms and Conditions.
165. In addition to and not in lieu of other rights to Intellectual Property otherwise set forth in the Order and these Terms and Conditions, Supplier hereby grants to Buyer a worldwide, perpetual, non-exclusive, fully paid, irrevocable, license ("Additional License"), with the right to grant sublicenses, to Supplier's information, data, know-how, tooling, test equipment and other Intellectual Property, including without limitation proprietary and manufacturing information to enable Buyer to use, sell and license the Goods and/or perform, or have performed, the Services, subject to Buyer's agreement not to exercise such rights under this Additional License except in the event of a Supplier Insolvency, whether or not the Order is terminated. As part of such Additional License, Supplier shall upon Buyer's written request and at no charge to Buyer, promptly (i) deliver to Buyer all information, data, know-how, and other Intellectual Property, including proprietary and manufacturing information, utilized by Supplier in performing the Order, and (ii) provide technical and transition assistance in order to ensure Buyer's continuing requirements for Goods and/or Services including continuing to provide access to RTX Information stored by Supplier until delivered to Buyer or Buyer's designee.
166. If, after notice of termination under this Section, it is determined that Supplier was not in default, the rights and obligations of the Parties shall be the same as if the notice of termination had been issued pursuant to the Section herein entitled "Termination for

Convenience". In such case, Supplier shall not be entitled to any remedy other than as provided for in the Section herein entitled "Termination for Convenience".

17. INTELLECTUAL PROPERTY RIGHTS (FOR NON-U.S. GOVERNMENT ORDERS)

- 17.1 "Background Intellectual Property" shall mean all Intellectual Property other than Foreground Intellectual Property.
- 17.2 "Foreground Intellectual Property" shall mean all Intellectual Property and tangible work product conceived, created, acquired, or first reduced to practice in connection with the Order.
- 17.3 Each Party retains its existing rights in Background Intellectual Property.
- 17.4 Buyer shall own all Foreground Intellectual Property. Supplier shall disclose to Buyer all Foreground Intellectual Property. If not expressly required to be delivered in the Order, Supplier shall deliver to Buyer all Foreground Intellectual Property upon written request from Buyer. Supplier hereby irrevocably assigns and promises to assign to Buyer all right, title and interest to all Foreground Intellectual Property. Supplier agrees to do all things reasonably necessary to enable Buyer to secure and perfect Buyer's Foreground Intellectual Property rights, including, without limitation, executing specific assignments of title in Foreground Intellectual Property by Supplier to Buyer and cooperating with Buyer at Buyer's expense to defend and enforce Buyer's rights in any such Foreground Intellectual Property. All Foreground Intellectual Property shall be considered Buyer's Proprietary Information (defined hereinafter). Supplier agrees that, for any works of authorship created by Supplier or any employees or any others used by Supplier in the course of the Order, those works shall be considered works made in the course of employment, and furthermore, Supplier hereby assigns and promises to assign all right, title, and interest to any copyright in such works to Buyer and will execute, or cause to be executed at Buyer's expense, any documents required to establish Buyer's ownership of such copyright. Supplier warrants that it has the right to assign such works to Buyer.
- 17.5 Supplier represents and warrants that Supplier has sufficient rights in all Goods, Services, and Intellectual Property and other items that Supplier uses or transfers to Buyer in connection with the Order to allow Supplier to lawfully comply with the Order.
- 17.6 Supplier hereby grants and promises to grant to Buyer and Buyer's Affiliates a worldwide, non-exclusive, perpetual, fully-paid, irrevocable, transferable license to Background Intellectual Property (i) to use, sell, offer for sale, import, export, copy, adapt, embed, modify, make derivative works, make and have made Goods and Services, and (ii) to enable Buyer to practice the Foreground Intellectual Property.
- 17.7 Supplier hereby irrevocably waives and promises to waive all moral rights to the extent permissible by law, all rights of privacy and publicity, and the like, in all Goods provided to Buyer and in all activities in connection with the Order.
- 17.8 Supplier represents and warrants that Supplier shall not provide, in the performance of the Order, any software, including without limitation source code, compiled code, embedded software, firmware, free software, open source software, freeware, general public license-

governed software, or any electronic hardware, including without limitation free hardware designs, or open source hardware designs, in any form that is subject to any obligations or conditions that may provide a legal right to any third party to access such software, and/or electronic hardware, or that could otherwise impose any limitation or condition on Buyer's use, reproduction, modification, distribution or conveyance of such software or electronic hardware.

179. Except as expressly authorized herein, nothing in the Order shall be construed as Buyer granting Supplier a license in or any right to use any of Buyer's Intellectual Property other than in the performance of work under the Order.

18. INTELLECTUAL PROPERTY INDEMNIFICATION

181. Supplier shall indemnify and hold harmless Buyer, Buyer's Customers, Affiliates, and subsidiaries, their agents, directors, officers, and employees, and each subsequent purchaser or user, from any losses, costs, damages, and liabilities, including, without limitation, any attorney's fees, court costs and fines, arising from any potential or actual claim, suit, injunction, action, proceeding, or investigation alleging infringement or violation of any Intellectual Property rights or license, related to the manufacture, use, sale, offer for sale, import, or other exploitation of any Goods or Services delivered or performed in connection with the Order ("IP Claim").
182. Supplier shall not be liable for any IP Claim based on Supplier's compliance with any Specification created by Buyer, unless: (i) Supplier could have complied with Buyer's Specification using a solution that was non-infringing; (ii) the relevant portion of the Specification was derived from, recommended by, or provided by, Supplier; or (iii) Supplier knew or should have known of a IP Claim or potential IP Claim and did not promptly notify Buyer in writing.
183. Supplier shall, upon written notice from Buyer of an IP Claim, promptly assume and diligently conduct the entire defense of an IP Claim at its own expense. Insofar as Buyer's interests are affected, Buyer shall have the right, at its own expense and without releasing any obligation of Supplier, to participate and intervene in an IP Claim. Buyer shall have the right to reasonably reject counsel selected by Supplier. Supplier shall not enter into any settlement without Buyer's prior written consent, which shall not be unreasonably withheld.
184. Buyer may supersede Supplier in the defense of any IP Claim, and assume and conduct the defense at Buyer's sole discretion. In such an event, Supplier shall be released from any obligation to pay for attorneys' fees and court costs, but not settlement or damages, and any such release is expressly conditioned on Supplier's complete cooperation with Buyer in Buyer's defense of such IP Claim at Buyer's expense. Buyer shall not enter into any settlement without Supplier's prior written consent, which shall not be unreasonably withheld.
185. If the manufacture, use, sale, offer for sale, import, export, or other exploitation of any Goods or Services is enjoined by a court, if delivery is precluded by a government entity, or should Supplier refuse to provide or supply any Goods or Services to avoid a potential third party IP Claim, Supplier shall avoid any disruption to Buyer and shall (i) secure for

Buyer the right to provide, use or sell such Goods or Services; (ii) modify or replace such Goods or Services with equivalent non-infringing Goods and/or Services; or (iii) provide such other solution acceptable to Buyer. Supplier shall reimburse Buyer for Buyer's costs incurred in obtaining all internal, external and Buyer's Customer approvals, qualifications, certifications, and the like, necessary for making, using, providing and selling alternate non-infringing Goods and/or Services. Supplier shall refund to Buyer the purchase price of any such Goods and/or Services that Buyer is prohibited from providing, using, selling, offering for sale, importing, exporting, or otherwise exploiting.

19. PROPRIETARY INFORMATION

191. In order to deliver the most effective and efficient Goods and/or Services possible and meet Buyer's requirements for those Goods and/or Services, Buyer and Supplier anticipate the need to exchange Proprietary Information (as defined below) for the design, development, testing, manufacture and/or repair of Goods and/or Services, as applicable in connection with an Order and/or Agreement. In recognition of the value of that Proprietary Information, as well as to protect Buyer's goodwill and reputation in its products, Supplier agrees to the terms and conditions of this Section.
192. "Proprietary Information" shall mean all information, knowledge or data (including without limitation financial, business, and product strategy information; product specifications; product designs; procedures; studies; tests; and reports) in written, electronic, tangible, oral, visual or other form, (i) disclosed by, or obtained from, Buyer or (ii) conceived, created, acquired, or first reduced to practice in connection with an Order. If Buyer furnishes sample products, equipment, or other objects or material to Supplier, the items so received shall be used and the information obtained from said items shall be treated as if they were Proprietary Information disclosed in connection with an Order.
193. Unless Supplier has received Buyer's express written consent to the contrary, Supplier shall (i) use the Proprietary Information solely for the purposes of an Order, and not for any other purpose (including, without limitation, designing, manufacturing, selling, servicing or repairing equipment for entities other than Buyer; providing services to entities other than Buyer; or obtaining any government or third party approvals to do any of the foregoing); (ii) safeguard the Proprietary Information to prevent its disclosure to or use by third parties; (iii) not disclose the Proprietary Information to any third party; and (iv) not reverse engineer, disassemble, or decompile the Proprietary Information.
194. Supplier may disclose the Proprietary Information to officers, directors, employees, contract workers, consultants, agents, affiliates or subcontractors of Supplier who have a need to know such Proprietary Information for the purposes of performing the Order and who have executed a written agreement with Supplier obligating such entity or person to treat such information in a manner consistent with the terms of this Section.
195. No Order shall restrict Supplier from using or disclosing any information that, as proven by written contemporaneous records kept in the ordinary course of business: (i) is or may hereafter be in the public domain through no improper act or omission of Supplier or a third party; (ii) is received by Supplier without restriction as to disclosure by Supplier from a third party having a right to disclose it; (iii) was known to Supplier on a non-confidential basis prior to the disclosure by Buyer; or (iv) was independently developed by employees of Supplier who did not have access to any of Buyer's Proprietary Information.

196. If Proprietary Information is required to be disclosed pursuant to judicial process, Supplier shall promptly provide notice of such process to Buyer and, upon request, shall fully cooperate with Buyer in seeking a protective order or otherwise contesting such a disclosure. Disclosure of such requested Proprietary Information shall not be deemed a breach of an Order provided that the obligations of this Section are fulfilled by Supplier.
197. Buyer shall have the right to audit all pertinent documentation of Supplier, and to make reasonable inspection of Supplier's premises, in order to verify compliance with this Section.
198. Obligations in this Section regarding Proprietary Information shall continue until such time as all Proprietary Information is publicly known and generally available through no improper act or omission of Supplier or any third party.
199. Unless required otherwise by law or an Order, Supplier shall promptly return, or otherwise dispose of Proprietary Information as Buyer may direct. Absent contrary instructions, Supplier shall destroy all Proprietary Information one (1) year after termination or completion of the Order and provide written acknowledgement to Buyer of such destruction.
- 19.10. Supplier agrees to cause all information regardless of form (including, for example, electronic, magnetic and optical media, software, and compilations), containing or derived in whole or in part from Proprietary Information to bear the following legend:

This document contains the property of Raytheon Technologies Corporation and/or a Raytheon Technologies Corporation Affiliate. You may not possess, use, copy or disclose this document or any information in it for any purpose, without express written permission. Neither receipt, from any source, nor possession of this document, constitutes such permission. Possession, use, copying or disclosure by anyone without express written permission of Raytheon Technologies Corporation and/or the Raytheon Technologies Corporation Affiliate issuing the Order is not authorized and may result in criminal and/or civil liability.

- 19.11. Notwithstanding any proprietary or confidential labels or markings, all information of Supplier disclosed to Buyer relating to an Order will be deemed non-confidential and the content of the Order may be disclosed by Buyer to any of Buyer's Affiliates, and/or to Buyer's Customer or Buyer's subcontractors and potential subcontractors provided that Buyer's Customer or subcontractors have a need to access or know such information and Supplier has provided its prior written consent to disclose such information of Supplier to Buyer's Customer or Buyer's subcontractors and potential subcontractors. Moreover, Buyer may disclose all Supplier information, in accordance with applicable governmental regulations, to the FAA, the EASA, Transport Canada Civil Aviation (TCCA), any other governing international airworthiness certifying authority, and/or any other department or agency of the U.S. Government, including, without limitation, for the purpose of obtaining necessary government approvals.
- 19.12. Supplier agrees that it will not accept from any third party, or use, any information that appears to be similar to Proprietary Information without first obtaining Buyer's express written consent, except that Supplier may receive solicitations or purchase orders issued

by a partner or higher-tier supplier of Buyer that expressly reference a Buyer Order and contain obligations no less stringent than this Section. Supplier shall promptly notify Buyer if Proprietary Information is offered to Supplier by a third party or of the suspected possession of Proprietary Information by a third party.

- 19.13. Supplier agrees to notify Buyer in writing and to obtain Buyer's written consent, not to be unreasonably withheld, prior to manufacturing any parts for another entity that have the same form, fit and function as any parts Supplier manufactures for Buyer using Proprietary Information. Supplier's notification shall describe the parts to be manufactured for the other entity, identify the corresponding parts Supplier manufactures for Buyer and provide Buyer with sufficient information to demonstrate that Supplier will manufacture such parts without reference to or use of Proprietary Information. If Supplier manufactures or sells any such parts without obtaining Buyer's written consent (or applies for or assists another entity in obtaining FAA, EASA or other government approval for such parts), then it shall be considered a breach of the Order and Buyer shall be entitled to injunctive relief and such other remedies as a court may order.
- 19.14. Supplier shall not make accessible or sell completed or partially completed or defective Goods and/or Services using or containing Proprietary Information to any unauthorized third parties. Goods not provided to Buyer shall be disposed of in a manner that prevents disclosure of Proprietary Information (including by reverse engineering).
- 19.15. For Proprietary Information exchanged in connection with the Order, the terms of this Section shall supersede any provisions regarding the protection of proprietary information in any other agreements between the Parties.

20. SECURITY FOR RTX INFORMATION

The following provisions are applicable whenever the Supplier will Process RTX Information.

- 20.1. In addition to capitalized terms used herein but defined elsewhere in these Terms and Conditions, an Agreement, and/or Order, the following term shall have the following meaning:
- 20.2. "Security Incident" means (i) any circumstance that involves, or which a Party reasonably believes may involve the actual or potential, (A) accidental or unauthorized access, use, disclosure, modification, storage, destruction or loss of RTX Information in Supplier's or Supplier Personnel's possession, custody or control; or (B) interference with system operation in an information system or in any medium or format, including paper (hard) copy documents, that subjects RTX Information to risk of unauthorized access, use, disclosure, modification, storage, destruction or loss; (ii) any other similar incident as may be so defined by any Data Privacy Law and by any laws and regulations (national, federal, state and provincial) relating to the protection of RTX Information; or (iii) any breach of Supplier's representations or covenants in these Terms and Conditions, an Agreement, and/or Order regarding safeguarding of RTX Information.
- 20.3. Supplier agrees to (i) develop, implement, maintain, monitor and update a reasonable, written security program incorporating administrative, technical, organizational and

physical safeguards, security measures and security awareness, and (ii) install and implement security hardware and software, in each case, designed to (A) protect the security, availability and integrity of Supplier's network, systems and operations, the Goods and Services, and the RTX Information from unauthorized access and use; (B) guard against Security Incidents; and (C) demonstrate compliance to a generally accepted cybersecurity framework such as ISO/IEC 27001 or NIST 800-53 to establish a resilient control environment or equivalent level of security protection appropriate for the information involved and the then-current state of security solutions, and (iii) comply with all applicable Data Privacy Laws including GDPR and promptly notify the Buyer in writing if Supplier believes that collecting and processing any Buyer Personal Information violates Data Privacy Laws. As between the Parties, all RTX Information will at all times remain the sole property of Buyer, and Supplier will not have or obtain any rights therein.

204. Supplier further agrees to:

20.4.1. Only Process or transfer RTX Information to authorized third parties in performance of its obligations under an Agreement and/or Order, or to comply with legal obligations. Supplier will not make any secondary or other use (e.g., for the purpose of data mining) of RTX Information except (i) as expressly authorized in writing by Buyer in connection with Buyer's purchase of Goods and/or Services hereunder; or (ii) as required by law. If Supplier does share, transfer, disclose or provide access to Buyer Personal Information to a third party, it shall: (i) be responsible for the acts and omissions of any subcontractor or other third party, that processes (within the meaning of the applicable Data Privacy Laws) Buyer Personal Information on Supplier's behalf in the same manner and to the same extent as it is responsible for its own acts and omissions with respect to such Buyer Personal Information; (ii) ensure such third party is bound by a written agreement that contains the same or equivalent obligations and protections as those set forth in this Clause 20.4.1; (iii) only share, transfer, disclose or provide access to a third party to the extent that such conduct is compliant with applicable law; (iv) take commercially reasonable steps to ensure the reliability of Supplier's Personnel who have access to the Buyer Personal Information and ensure that such access is on a need-to-know basis, and ensure that Supplier Personnel are obligated to maintain the confidentiality of Buyer Personal Information, such as through a confidentiality agreement or by application of relevant law or regulation; (v) provide such information, assistance and cooperation as the Buyer may reasonably require from time to time to establish Supplier's compliance with Data Privacy Laws.

20.4.2. Maintain and implement information security policies which address, at a minimum the domains or categories set forth in a generally accepted cybersecurity framework, such as ISO/IEC 27001 or NIST 800-53, and provide Buyer, upon request, with a SOC 2 (or equivalent) report demonstrating that such domains are addressed in a manner consistent with this Section. Upon Buyer's request, Supplier shall provide Buyer with an updated index or summary of its policies, and indicate any plans, including a timetable for implementation, of planned upgrades to comply with the policies.

20.4.3. Use (i) reasonable efforts, including, but not limited to, the available technology at the time, to implement measures to restrict anyone other than its authorized

employees and Buyer and its agents from accessing the RTX Information and (ii) best efforts to segregate (physically or logically) all RTX Information into a separate database only accessible by Buyer, and its agents and those employees and agents of Supplier that require access to provide the Goods and/or Services or to maintain the equipment and the program on which it runs, unless otherwise agreed by Buyer. Unless otherwise specified by Buyer in writing or in an Order, Supplier will Process RTX Information (including for back-up purposes) only on servers located in the European Economic Area or Switzerland or other jurisdictions or countries specified in the Order by Buyer, and will not transfer (and will not authorize Supplier Personnel to transfer) RTX Information to, or permit or enable Processing of RTX Information in, any jurisdiction or country other than the European Economic Area or Switzerland or those specified in the Order by Buyer.

- 20.4.4. Implement reasonable measures to ensure backups of information are conducted, maintained and tested in accordance with a generally accepted cybersecurity framework, such as CIS CSC 10; ISO/IEC 27001:2013 (A.12.3.1, A.17.1.2, A.17.1.3, and A.18.1.3); or NIST SP 800-53 Rev 4. (CP-4, CP-6 and CP-9). Supplier's disaster recovery plan (as may be otherwise required herein) shall incorporate such requirements. All such back-up services are part of the Goods and/or Services and are subject to these Terms and Conditions, including the privacy compliance and data security requirements.
- 20.4.5. Use, and will cause Supplier Personnel to use, adequate forms of encryption or other secure technologies at all times in connection with the Processing of RTX Information, provided such Processing is permitted under the Agreement and/or Order. Notwithstanding any provision to the contrary herein, unencrypted Buyer Personal Information shall not be stored on any Supplier mobile computing devices (e.g. laptop computers, mobile phones, personal digital assistants) Supplier will align to a generally accepted cybersecurity framework, such as CIS CSC (13 and 14); ISO/IEC 27001:2013 (A.8.2.3, A.13.1.1, A.13.2.1, A.13.2.3, A.14.1.2, and A.14.3); or NIST SP 800-53 Rev. 4 (SC-8, SC-11 and SC-12), covering Data-at-rest and Data-in-transit protections.
- 20.4.6. Provide Buyer, prior to any termination or expiration of the Agreement and/or Order, with a termination plan that addresses how RTX Information will be accessed by Buyer until returned to Buyer or destroyed, as Buyer may direct, at the end of the Agreement and/or Order, including backup and archival information, and how all RTX Information will be permanently removed from Supplier's equipment and facilities; provided however, that Supplier may retain information stored in routine backups maintained in the ordinary course until such backups are overwritten. This plan should include supplying the data to Buyer in an industry recognized format.
- 20.4.7. Provide information to and reasonably cooperate with Buyer in response to any subpoena or investigation seeking RTX Information in the possession of Supplier. Supplier shall promptly notify Buyer upon the receipt of any request requiring that RTX Information be supplied to a third party.
- 20.4.8. Not provide RTX Information to any third party without the prior written approval of Buyer. A request for Buyer approval shall include agreement by Supplier and such

third party that (i) all of the requirements of this provision are applicable to their performance, and (ii) Buyer shall have the right to perform the audits described above.

20.4.9. Maintain data protection processes and systems sufficient to adequately protect specifications, information, data, drawings, software, and other items which are (i) supplied to Supplier by Buyer, or (ii) obtained or developed by Supplier in the performance of the Order or paid for by Buyer (collectively, "Buyer Data"), and to comply with any law or regulation applicable to such data. If a Security Incident occurs, Supplier shall (i) use commercially reasonable efforts to investigate, contain, and remediate the Security Incident, and (ii) notify Buyer in writing promptly, but not later than forty-eight (48) hours after discovering the Security Incident. The obligations contained in this Section are in addition to, and do not alter, Supplier's obligations under applicable U.S. Government Procurement Regulations, and Supplier shall encrypt emails to Buyer containing details of a Security Incident using industry standard encryption methods.

20.5. Promptly following any Security Incident, whether identified by Supplier or Buyer, Supplier will take steps to mitigate risks posed, consult in good faith with Buyer regarding remediation efforts, and undertake a remediation plan which Buyer and Supplier reasonably agree to be necessary, reasonable or appropriate under the circumstances commensurate with the nature of the Security Incident or failure, or as requested by any government body. To the extent a Security Incident is caused by the acts, omissions, or breach of Supplier, Supplier will be responsible for all costs, expenses, and damages including, without limitation, the reasonable costs of re-testing performed to verify that any Security Incident has been remediated.

21. SUPPLIER PERSONNEL

21.1. Supplier shall establish key Supplier Personnel for each project in the applicable Order. Supplier shall use commercially reasonable efforts to retain Supplier Personnel who are reasonably considered by Buyer to be critical to the performance of the Goods and/or Services under an Order. Upon termination or resignation of any key Supplier Personnel, Supplier shall provide notice to Buyer of such termination or resignation and promptly identify a suitable replacement with no disruption to performance hereunder.

21.2. Supplier will be responsible and liable for the acts and omissions of Supplier Personnel in connection with the provision of the Services as if such acts or omissions were Supplier's acts or omissions. Supplier will ensure that all Supplier Personnel are (trained regarding, advised of and comply with the provisions of any Order.

21.3. Supplier is responsible for any and all discipline of its Supplier Personnel. Buyer may require Supplier to replace any Supplier Personnel who are not in compliance or performing to Buyer's reasonable satisfaction, at any time.

22. ACCESS TO FACILITIES, SYSTEMS OR RTX INFORMATION

These provisions apply whenever Supplier Personnel will be granted access to Buyer's and/or Buyer's Customers' (i) facilities, (ii) computer systems, databases, and/or RTX Information ("Access").

- 22.1. Supplier shall perform identity screenings, work authorization verifications and background checks on any and all Supplier Personnel seeking Access in order to identify persons or entities ineligible for such Access. In furtherance of this obligation, Supplier shall, in advance of any request or grant of such Access:
- 22.1.1. Verify the identity and requisite work authorization of Supplier Personnel requiring Access. Buyer or its Affiliates may further direct Supplier to use a designated service provider to verify authorization to work, U.S. person and/or citizenship status, at Supplier's sole cost and expense.
 - 22.1.2. Except to the extent not permissible by applicable law, perform a background screen on Supplier Personnel using a company approved by Buyer evidencing that (i) Supplier Personnel do not have any criminal convictions, as reported in the result of a background screen, or (ii) if they do have criminal convictions, Supplier Personnel were hired only after an individualized assessment was conducted in accordance with all applicable laws and taking into consideration the nature and severity of the underlying offenses, the nature and scope of the Access to be granted, the specific jobs at issue, and the length of time since the convictions.
 - 22.1.3. Supplier shall not seek Access for any Supplier Personnel ineligible for such Access based on the failure to meet the above criteria, and will notify Buyer immediately, in writing, if any of Supplier's Personnel with Access is no longer eligible.
- 22.2. Supplier agrees that Buyer shall have sole discretion as to whether Supplier is granted Access, and agrees that any Access privileges granted to Supplier will be defined by Buyer. Buyer reserves the right to impose additional requirements before granting Supplier Personnel Access, including, without limitation, with respect to export compliance, privacy, protection of RTX Information, security clearance, applicable training, drug screening, credit check, technology control plans, intellectual property agreements and compliance with other site-specific policies and procedures. Buyer reserves the right, in its sole discretion, to escort Supplier Personnel off Buyer's premises during an event of misconduct and/or to bar Supplier Personnel from a facility.
- 22.3. Supplier is responsible for ensuring that any Supplier Personnel requiring Access meet such Access requirements and that Access privileges are limited to approved Supplier Personnel. Supplier shall immediately notify Buyer if, at any time during the performance of the Order, (i) any information related to Supplier Personnel is altered or rendered inaccurate for any reason, or (ii) the need for Access ceases for any of such Supplier Personnel having Access. The need to Access shall automatically cease for any Supplier employees who are terminated, transferred, or otherwise no longer employed by Supplier.
- 22.4. Supplier or Supplier Personnel's refusal or failure to meet Buyer's Access requirements at any time during the performance of the Order may result in Buyer's refusal to grant Supplier Personnel Access, and Supplier agrees that Buyer shall have the right to deny, and, without notice, terminate Access by Supplier or any of Supplier Personnel in whole

or in part. Inability of Supplier to comply with the requirements of this provision shall not excuse Supplier from performing the Order and shall not constitute an "Excusable Delay" as set forth in the Section herein entitled "Force Majeure".

225. If Supplier is an individual, Supplier acknowledges that he/she is not an employee of Buyer or Buyer Affiliate and is not entitled to the rights and benefits of a Buyer or Buyer Affiliate employee including, but not limited to, participation in pension, savings, health care and other employee benefit plans and arrangements. If Supplier is a company or other entity, it acknowledges that Supplier Personnel are not Buyer or Buyer Affiliate employees and are not entitled to the rights and benefits of a Buyer or Buyer Affiliate employee including, but not limited to, participation in pension, savings, health care and other employee benefit plans and arrangements.

Accordingly, Supplier commits to comply with Section 1502 of the Act and its implementing regulations; to the extent Supplier is not a "Registrant" as defined in the Act, Supplier shall comply with Section 1502 of the Act and its implementation regulations except for the filing requirements. In particular, Supplier commits to have in place a supply chain policy and processes to undertake (i) a reasonable inquiry into the country of origin of Conflict Minerals incorporated into products it provides Buyer; (ii) due diligence of its supply chain, following a nationally or internationally recognized due diligence framework, as necessary, to determine if Conflict Minerals sourced from the DRC countries directly or indirectly support unlawful conflict there, and (iii) risk assessment and mitigation actions necessary to implement the country of origin inquiry and due diligence procedures. Supplier shall take all other measures as are necessary to comply with Section 1502 of the Act and its implementing regulations, including any amendments thereto.

26. TOXIC, HAZARDOUS OR CARCINOGENIC SUBSTANCES

- 26.1. Supplier represents and warrants that the Goods and any substances contained therein are not prohibited or restricted by, and are supplied in compliance with, any laws or regulations of any country or jurisdiction in the world, including but not limited to the United States, the European Union ("EU"), and nations adopting legislation similar to that of the EU, and that nothing prevents the sale or transport of the Goods or substances in Goods in any country or jurisdiction in the world and that all such Goods and substances are appropriately labeled, if labeling is required, and have been pre-registered and/or registered and/or authorized under the EU Registration, Evaluation, Authorization and Restriction of Chemicals regulation ("REACH"), if pre-registration, registration and/or authorization is required.
- 26.2. In addition to complying with REACH, the EU's regulation of chemical substances (as is required under the Section hereto entitled "Compliance with Laws"), Supplier shall timely

263. Supplier shall promptly notify Buyer in writing of any Substances of Very High Concern (as such category is specified in REACH) that are present in any Goods at levels above 0.1% by weight of such Goods, where the Goods were supplied either: a) six months before the inclusion of the substances concerned on the REACH "Candidate List" or b) at any time after such inclusion on the Candidate List. In addition, Supplier undertakes to properly and timely inform Buyer of the inclusion in Annex XIV of REACH of a substance contained in the Goods. In such event, Supplier shall discuss with Buyer actions to ensure continued compliance with REACH. Subject to compliance with antitrust rules, Supplier shall use its best efforts to obtain and maintain authorization under REACH for use of such substances, on the condition that (i) Buyer confirms in writing that it requests Supplier to request or renew an authorization for such specific use(s), (ii) it can be demonstrated that the risks of such uses are adequately controlled and/or Supplier can otherwise be granted an authorization as specified in Article 60 of REACH. If these conditions are not met, Supplier shall seek to identify or develop alternatives in due time for validation and use by Buyer before the relevant "Sunset date" under REACH. The listing of a substance present in the Goods in the REACH Candidate List or in Annex XIV of REACH shall not in itself constitute a valid cause for Supplier to fail to perform or delay performance under an Order pursuant to Section 35 hereof.

The Parties shall respond to requests for supporting documentation, including clarifying questionnaires and any other requested information necessary to secure government authorization. Each Party, as applicable, shall be individually responsible for obtaining required documentation or other information from any third party required by such Party to perform its obligations under an Order. - 29.12.3. Preferential Treatment. Upon Buyer's request, Supplier shall provide, or assist in obtaining from its subcontractors, certificates of origin, declarations, and/or affidavits necessary to support Buyer's claims for duty-free or preferential duty treatment under international agreements, multi-lateral or bilateral free trade agreements, or other preferential tariff programs (e.g. Agreement on Trade in Civil Aircraft, Free Trade Agreements, Goods Returned, Generalized System of Preferences, etc.) ("Preferential Treatment"). Supplier's payment under this clause shall not reduce any cap or limits on damages recoverable by Buyer and Buyer's acceptance of such payment shall not be deemed to be a waiver by Buyer to exercise any right or remedy that it may have under the Order, at law or in equity, or waive any claims for costs or damages under the Order.

30. DISASTER RECOVERY

- 30.1. Supplier shall develop and maintain a disaster recovery plan (a "Disaster Recovery Plan") acceptable to Buyer for the recovery and continuation of business related to the supply, design, development, certification, use and/or support of the Goods and/or Services furnished hereunder, in the event of a disaster, emergency or other incident which results in the inability of Supplier to provide Goods and Services or that will result in significant damage or loss to Buyer in relation to the Goods and Services or RTX Information. Supplier shall furnish a copy of Disaster Recovery Plan to Buyer upon request. 31. INTERNATIONAL OFFSET

- 31.1 Buyer may use all or any part of the value of the Order, including the value of any subcontracts placed by Supplier for the Order, for satisfying international offset obligations of Buyer, Buyer's Affiliates, or any entity that Buyer transfers such value to. Supplier may use the offset credit generated by the Order or the subcontracting of the Order only upon Buyer's written approval.

- 31.3 Upon Buyer's request Supplier shall (i) report all subcontract sources outside the United States utilized in the fulfillment of the Order, including the name and location of each such source, amounts paid and committed thereto and identification of the Goods or Services procured, and (ii) require its subcontractors, including those at all lower tiers, to maintain records of the above information.

32. ASSIGNMENT AND CHANGE IN CONTROL

- 32.1 Neither the Agreement, nor Order, nor any interest therein shall be assignable by or otherwise transferred by either Party in whole or in part to a third party, by way of contract, operation of law, change in control of such Party or otherwise unless such assignment or transfer is mutually agreed to in writing by the Parties hereto; provided, however, that Buyer may assign the Agreement and/or Order to any Buyer Affiliate and to any corporation with which Buyer may merge or consolidate or to which Buyer may assign substantially all of its assets or that portion of its business to which the Agreement and/or Order pertains or to any third party provider of "integrated services" that will purchase the Goods and/or Services for Buyer's benefit without obtaining the agreement of Supplier.
- 32.2 Notwithstanding the foregoing, claims for money due or to become due to Supplier from Buyer arising out of the Agreement and/or Order may not be assigned, unless such assignment is made to one assignee only and covers all amounts payable under the Agreement and/or Order and not already paid. Buyer shall be under no obligation to pay such assignee unless and until Buyer has received written notice of the assignment from Supplier, a certified copy of the instrument of assignment, and suitable documentary evidence of Supplier's authority to so assign. However, any payments made to a third party subsequent to Buyer's receipt of notice that any claims for money due or to become due hereunder have been assigned or should be paid thereto shall fulfill Buyer's requirements to make any such payments hereunder.

33. SUBCONTRACTING

- 33.1 Any subcontracting by Supplier of all or substantially all of its responsibilities or obligations hereunder requires Buyer's prior written consent.
- 33.2 Any such subcontracting by Supplier of its responsibilities or obligations hereunder, without Buyer's prior written consent, shall be wholly void, invalid and totally ineffective for all purposes. In the case of any subcontracting or approved delegation of any of its responsibilities or obligations hereunder, Supplier shall perform all supply management activities that are necessary for the on-time delivery of Goods and/or Services conforming

to the requirements set forth herein. Supplier shall be solely and fully responsible for monitoring said suppliers under all provisions of the applicable subcontracts, and for ensuring that each of its suppliers complies with the requirements set forth herein. Supplier shall remain fully liable to Buyer for, and shall be Buyer's sole point of contact for, all aspects of proper performance of the Order, regardless of (i) any subcontracting, (ii) Buyer approval of the subcontractors, or (iii) Supplier's failure to ensure the relevant subcontracts contain provisions that comply in substance with the requirements set forth herein.

34. STOP WORK ORDER

Buyer may, from time to time, require Supplier to stop all or any portion of the work called for by the Order for a period of up to 120 days at each such time, or such longer period of time as may be required by Buyer's Customers ("Stop Work Period"). Upon receipt of written notice detailing the length and scope of the Stop Work Period, Supplier shall immediately comply with its terms at no charge. Within the Stop Work Period, Buyer may either: (i) cancel the stop-work order and Supplier shall resume work; or (ii) terminate the work covered by the stop-work order, for default or convenience, as the context requires, in accordance with the provisions of the Order. If Buyer has not exercised its rights set forth in either (i) or (ii) above prior to the expiration of the Stop Work Period, then at least 30 days prior to said expiration, Supplier shall notify Buyer of its intent to resume work under the applicable Order and shall obtain Buyer's written consent prior to resuming work.

35. FORCE MAJEURE

- 35.1 Supplier shall be liable for any failure or delay in performance in connection with the Order, except where such failure or delay results from causes that are, at one and the same time, unforeseeable, unavoidable, outside of its control and without its fault or negligence, provided Supplier gives Buyer, within 3 days of Supplier's learning of such cause, written notice to the effect that a failure or delay by Supplier will occur or has occurred (an "Excusable Delay"). If a failure or delay in performance is caused by an event affecting any of Supplier's suppliers, such failure or delay shall not be excusable unless such event is an Excusable Delay as defined above and the good or service to be provided by such supplier is not obtainable by Supplier from other sources in time for timely delivery of the Goods to Buyer. Buyer may cancel any Order without liability to Supplier its purchase of any Goods affected by Supplier's failure or delay in performance and, if the delay is expected to last for a period that could impact deliveries to Buyer's Customers, Buyer may cancel, without liability, any portion of or the entire Order.
- 35.2 Buyer shall be excused for any failure or delay in performance due to any cause beyond its reasonable control, including any cause attributable to Buyer's Customers.

36. DUTY TO PROCEED

Supplier shall proceed diligently with the performance of the Order. Except as expressly authorized in writing by Buyer, no failure of Supplier and Buyer to reach any agreement regarding a dispute related to the Agreement or any Order shall excuse Supplier from proceeding.

37. ASSURANCE OF PERFORMANCE

At any time, if Buyer, in its reasonable discretion, believes that Supplier may not have the ability, for any reason, to continue performing any Agreement or Order, including, without limitation, any material change to Supplier's financial condition, balance sheet, or its credit or similar rating, Buyer may request and Supplier shall provide written adequate assurances from Supplier of its ability, desire and intent to continue performing. Buyer will specify the nature of its concerns, and Supplier will provide Buyer with documents, financial data, or other information needed to satisfy Buyer's concerns including, but not limited to, audited financial statements including monthly profit & loss, balance sheet and cash flow, bank statements, accounts payable aging, profitability by part number including capital / productivity improvements. Further, Supplier will immediately notify Buyer in the event Supplier believes it may be unable to pay its debts when due or there is a material change in Supplier's financial position, balance sheet or its credit or similar rating. In the event either or both Parties have concern about Supplier's ability to continue its performance, the Parties will coordinate to ensure that Buyer receives Goods and/or Services without interruption in accordance with the Order. In particular, Supplier will assist and compensate Buyer for the costs associated with transitioning to another supplier, Buyer assuming the production of the Goods and/or performance of the Services itself, protecting the tooling and other equipment necessary for production of the Goods and/or performance of the Services, and taking other reasonable steps to ensure the Goods are produced and/or Services performed without interruption according to Buyer's Specifications. Buyer shall also have the right to require Supplier to (i) obtain a guarantee from a controlling party of, or a secured party to, Supplier, if applicable, and (ii) implement remedial actions directed by Buyer to improve Supplier's performance under the Agreement and/or Order.

38. SETOFF

Buyer and its Affiliates may withhold, deduct and/or set off all money due, or which may become due to Supplier arising out of Supplier's performance under the Order or any other transaction with Buyer or its Affiliates.

39. GOVERNING LAW AND DISPUTE RESOLUTION

- 39.1 This Agreement and any Order shall be interpreted in accordance with the plain English meaning of its terms and the construction thereof shall be governed by the laws of England and Wales without regard to conflicts of law principles, and except that the United Nations Convention on Contracts for the International Sale of Goods dated April 11, 1980, as amended to date, will not apply. If Supplier or any of its property is entitled to immunity from legal action on the grounds of sovereignty or otherwise, Supplier hereby waives and agrees not to plead such immunity in any legal action arising out of the Agreement and/or Order.
- 39.2 The Parties shall use good faith efforts to resolve any dispute, claim or proceeding arising out of or relating to this Agreement. If the matter is not resolved through such efforts within sixty (60) days of a Party identifying a dispute in writing to the other Party, it shall be finally settled through binding arbitration under the rules of the London Court of International Arbitration ("LCIA") by one arbitrator appointed in accordance with the said Rules. The

Place of arbitration shall be London, England and the language to be used in the arbitral proceedings shall be English. The Parties will hold the proceedings and subject matter of the Arbitration confidential and shall make reasonable efforts to ensure that any participants are also so bound

- 393. If the Parties reach a settlement of any dispute, whether such settlement is obtained by referral to the LCIA or otherwise, such settlement shall be reduced to writing and once executed by a Party shall be binding on such Party.
- 394. The Parties agree to bear their own costs and expenses in relation to any dispute mediated by the LCIA.
- 395. Either Party may (i) resort to a formal legal proceeding for equitable relief at any time and (ii) institute litigation in order to avoid the expiration of any applicable limitations period or to preserve a superior position with respect to other creditors.
- 396. The dispute resolution procedures set forth herein do not supersede, delay or otherwise affect any rights of termination that are expressly set forth herein.

40. ORDERS UNDER U.S. GOVERNMENT CONTRACTS

For Orders issued under contracts between Buyer and the U.S. Government or subcontracts at any tier under U.S. Government contracts, the provisions of the "TC-UPDATE" and the version of "Flowdown of U.S. Government Provisions and Clauses Under U.S. Government Contracts" in effect on the date of the particular Order shall apply.
