Seating, Interiors  
March 2024

Dear Collins Supplier,

Throughout our supply base we are beginning to see an increase in certain supplier issues. As we move forward in partnership with our supply base, we feel it is important to communicate key issues and concerns to our suppliers to allow for proactive intervention and mitigation, where necessary. Within this communication we have identified a specific issue that we believe must be brought to your attention.

Please read this communication and share with the relevant departments within your business.

**FAA-PMA Markings**

As stated in Collins Aerospace Supplier Quality Requirements document [BE-PUR-P7.4.3 (Rev M) section 8.5.5], components delivered to Collins Aerospace must not contain any FAA-PMA (Federal Aviation Authority – Part Manufacturer Approval) markings. Also, accompanying documentation (e.g., packaging, shippers) shall not contain any FAA-PMA notifications or labelling.

If you have any further questions on this matter, please reach out to your supply chain or supplier quality point of contact for support.

Best Regards,  
**Simon McCartan**
