TERMS AND CONDITIONS OF PURCHASE

1. **DEFINITIONS:** As used throughout these Terms and Conditions of Purchase (hereinafter “Terms and Conditions”) and any other contract, purchase agreement or purchase order referencing these Terms and Conditions, the following definitions apply unless the context requires otherwise.
 - (a) “Buyer” means B/E Aerospace, Inc. (“B/E”) or the B/E affiliate, subsidiary, successor or assign that issues a Purchase Order referencing these Terms and Conditions.
 - (b) “Supplier” means the person, firm or company to whom this Purchase Order is addressed on the face sheets of this Purchase Order.
 - (c) “Components” means all goods and services or any parts thereof to be supplied under this Purchase Order. As used herein, the definition of Components shall include services, as the context requires.
 - (d) “Purchase Order” means the contract arising between Buyer and Supplier for the supply of Components including all instructions, documents, specifications and drawings (if any) referenced therein. Where the context permits, the term Purchase Order shall include the applicable purchase agreement or other agreement that may reference these Terms and Conditions.
2. **ENTIRE AGREEMENT:** The Purchase Order and these Terms and Conditions, when accepted by Supplier’s written acknowledgment or commencement of performance or indication thereof, represent the complete and exclusive agreement between Buyer and Supplier for the Components, superseding all oral or written prior agreements and all other communications between Buyer and Supplier relating to the subject matter of this Purchase Order. No change in, modification of, or revision to this Purchase Order or these Terms and Conditions shall be valid unless in writing and signed by an authorized representative of Buyer’s Purchasing Department. In the event of any conflict between these Terms and Conditions and any term or condition on the face sheets of this Purchase Order, the Terms and Conditions on the face sheets of this Purchase Order shall control.
3. **ACCEPTANCE:** The Purchase Order and these Terms and Conditions are Buyer’s offer to Supplier. Any acceptance of this Purchase Order is expressly limited to acceptance of the terms of the Purchase Order and these Terms and Conditions. Any additional or different terms, which may be contained in any documents furnished by Supplier, including those in any acknowledgment or invoice, are deemed material and Buyer hereby objects to and rejects them. Any of the following Supplier acts shall constitute acceptance (i) acknowledgment of this Purchase Order; (ii) commencement of performance; (iii) informing Buyer of commencement; or (iv) shipping of any Components in performance of this Purchase Order.
4. **DELIVERY AND DELAYS:** Time is of the essence in Supplier’s performance of a Purchase Order. Supplier shall deliver in accordance with the lead time set forth in the Purchase Order. Delivery terms shall be as provided on the face sheets. Title and risk of loss shall pass to Buyer upon receipt of the Components to Buyer’s facility address identified on the face sheet of this Purchase Order. If delivery terms are not provided on the face sheets of this Purchase Order, delivery shall be Delivered Duty Paid (DDP Incoterms (2010)) destination to Buyer’s facility address identified on the face sheets of this Purchase Order. Buyer bases its schedules upon Supplier’s representation that Supplier will deliver the Components to Buyer by the dates specified on the face sheets of this Purchase Order. Buyer may delay delivery of firm Purchase Order without cost provided that Buyer provides Supplier with written notice at least ten (10) days prior to the scheduled delivery date. Buyer’s acceptance of delinquent deliveries shall not be deemed a waiver by Buyer of its right to cancel this Purchase Order, or to refuse to accept further deliveries. As soon as Supplier determines that a delivery date cannot be met, Supplier shall immediately inform Buyer in writing of the cause for such delay and Supplier’s earliest possible delivery date so that Buyer can determine whether to accept Supplier’s proposed new schedule. Supplier agrees that in the event Components are delinquent to Buyer’s acknowledged Purchase Order, Supplier will grant Buyer first priority for completed Components allocation and shipment. The above remedies afforded to Buyer shall not be exclusive and Supplier shall indemnify and hold Buyer harmless from

Supplier shall comply with any specific shipping instructions issued by Buyer, including assisting Buyer with import documentation and complying with Buyer's routing guidelines.

5. **ADVANCE MANUFACTURING, PROCUREMENT OR DELIVERY:** Supplier shall not, without Buyer's express prior written consent, manufacture or procure materials in advance of Supplier's normal lead-time or deliver substantially in advance of schedule. In the event of termination or change, Supplier shall have no claim for any such manufacture or procurement in advance of such normal lead-time unless there has been such prior written consent of Buyer. Components delivered to Buyer substantially in advance of the scheduled delivery date may be returned, at Buyer's option, to Supplier at Supplier's expense subject to re-shipment to Buyer at Supplier's expense in accordance with the schedule hereon prescribed.
6. **PACKING:** Unless otherwise specified on the face sheets of this Purchase Order (i) Supplier shall package and crate Components in compliance with carriers' tariffs, (ii) Supplier shall place Components in suitable containers for protection in shipment and storage, (iii) Supplier shall comply with Buyer's bar code labeling requirements, and (iv) Components pricing shall include all charges for Supplier's packaging and crating. In the event that Buyer requires special packaging or special containers, Supplier shall separately state the amount of any such special packaging or special containers in its invoice. All packaging must comply with ISPM15 requiring heat treatment or fumigation of all non-manufactured wood packing materials. Supplier is responsible for all costs incurred because of non-compliance.
7. **PRICE:** This Purchase Order shall be limited to those prices specified on the face sheets of this Purchase Order, which are not subject to increase unless specifically authorized by a written amendment to this Purchase Order. If this Purchase Order omits price terms, the price of the Components shall be the price last quoted or paid, whichever is lower. Unless otherwise provided in this Purchase Order, prices specified on the face sheets of this Purchase Order shall include all applicable federal, state, local and value added taxes at the prevailing rate, imposts, duties or other governmental charges imposed upon the manufacture, sale or transportation of the Components specified herein. Buyer shall receive the benefit of any general reduction in Supplier's prices implemented prior to delivery. In no event shall Buyer be charged a price higher than charged to Supplier's other customers for goods of like grade and quality and in substantially the same quantities.
8. **PAYMENT:** Payment terms shall be as provided on the face sheets of this Purchase Order. If payment terms are not provided on the face sheets of this Purchase Order, all invoices will be paid by Buyer within ninety (90) days of the later of (i) Buyer's receipt of Supplier's correct invoice, which includes among other things, Buyer's Purchase Order number or (ii) the date of receipt, inspection and acceptance of the Components so ordered.

First Article Inspections shall be paid for by Supplier and carried out in compliance with AS9102 as per BE-PUR-P7.4.3 using Forms BEA-FAI-001 and BEA-FAI-002 which are available on the Buyer Supplier Portal or an acceptable equivalent.
 - (b) Supplier shall provide and maintain a quality control system acceptable to Buyer and in compliance with those quality control standards (if any) specified on the face sheets of this Purchase Order. For clarity Supplier may not sell or otherwise provide to Buyer any Components manufactured using Supplier's New Processes until Supplier first obtains written approval and instructions from Buyer affected by such New Processes.
 - (e) Supplier shall provide certificates of conformance with Components supplied, plus any other reasonable documentation requested by Buyer. Supplier shall retain all underlying documentation that forms the basis of such certificates for a period of eleven (11) years from the date of issuance of each certificate. Original manufacturer's certificates of compliance are required for all Components and all raw materials used in the manufacturing of Components. Buyer reserves the right to return Components at Supplier's expense if Supplier has not provided required documentation within fifteen (15) days of delivery. If Supplier is found to have substituted or supplied incorrect Components or raw material, all costs or expenses incurred by Buyer associated with repair, replacement, recall or removal of such Components shall be paid by Supplier.
10. **REJECTION OF NONCONFORMING COMPONENTS:** In the regular course of its business, Buyer may reject, refuse acceptance, or revoke acceptance of any or all of the Components which are not strictly in conformance with all of the requirements of this Purchase Order and the applicable drawings, designs, and specifications, and by notice, rejection tag, or other communication, notify Supplier of such rejection. At Supplier's risk and expense and at Buyer's option, all such Components will be returned to Supplier for immediate (i) repair, replacement, and other correction and redelivery by Supplier as Buyer may direct or (ii) refund by Supplier of the price of any such Components. Notwithstanding any other provision, Supplier shall be liable for Buyer's actual costs, expenses and damages related to or arising from the non-conformance including but not limited to expenses related to inspecting, unpacking, examining, re-packing and storing any Components rejected or refused in accordance with the above. Buyer may withhold, deduct and/or set off money due, or which may become due to Supplier arising out of Supplier's performance under the Purchase Order. Supplier shall not re-tender rejected supplies unless Supplier submits notification of such past rejection is submitted with the re-tender and Buyer has consented to such re-tender.

Unless otherwise specified in the Purchase Order, the Components shall be (i) new and not used or reconditioned; (ii) merchantable and (iii) suitable for the particular purpose or use for which Buyer purchases them. Supplier shall be liable for Buyer's actual costs, expenses and damages related to or arising from the Components not conforming to warranty requirements set forth in the Purchase Order and herein. This warranty shall survive any inspection, delivery, acceptance or payment by Buyer of the Components and are in addition to all other warranties available at law or equity. In addition to any other remedies which may be available at law, Buyer, at its option, may return to Supplier any nonconforming or defective Components, or require timely correction or replacement of the Components, and Supplier shall bear full responsibility for risk of loss or damage and full transportation charges. If Buyer does not require correction or replacement of

Should any such change increase or decrease the cost of, or the time required for performance of this Purchase Order, an equitable adjustment may be requested by Supplier or Buyer in the price, delivery schedule, or both. No claim by Supplier for such adjustment will be valid unless submitted to Buyer in writing within twenty (20) days from the date of such change. If Supplier considers that the conduct, statement or direction of any of Buyer's employees constitutes a change hereunder, Supplier shall notify Buyer's authorized representative and take no action on the perceived change pending written approval of Buyer's authorized representative. Only Buyer's authorized representative has authority to approve a change. Any change made by Supplier without such written approval shall be deemed voluntary by Supplier and not compensable in the cost of or time required for performance. Nothing contained in this clause shall relieve Supplier from proceeding immediately in the performance of this Purchase Order as changed.

Supplier shall keep such Equipment in good condition and repair and shall be returned by Supplier, at Buyer's request and at Supplier's expense, in as good a condition as when received except for reasonable wear and tear and except to the extent that such Equipment has been incorporated in Components furnished by Supplier pursuant to this Purchase Order or has been properly consumed in the normal performance of work hereunder. Supplier may not deliver custody of any Equipment to any person or entity other than Buyer without Buyer's prior written permission. Buyer may enter Supplier's premises at any reasonable time to inspect the Equipment and Supplier's records with respect thereto.
 - (d) While in Supplier's custody and control, all of said furnished and/or purchased Equipment and facilities so held shall be held at Supplier's risk and Supplier is responsible for paying all personal property taxes that accrue on Equipment in Supplier's possession. In the event Supplier, its employees, agents, subcontractors, and/or lower tier subcontractors enter premises occupied by or under the control of Buyer or third parties in the performance of this Purchase Order, Supplier shall indemnify, hold harmless and defend Buyer and its affiliates, shareholders, officers and employees from any loss, cost, damage, expense or liability by reason of property damage or personal injury, including Supplier's employees, of any nature or kind whatsoever arising out of, as a result of, or in connection with such performance occasioned in whole or in part by the actions or omissions of Supplier, its employees, agents, subcontractors, and/or lower tier subcontractors. Without in any way limiting the foregoing undertakings, Supplier and its subcontractors and/or lower tier subcontractors shall maintain insurance, naming Buyer as an additional insured, adequate to cover any products liability, public liability, property damage and automobile liability or any damage incurred in connection with Supplier's performance of any work on or about Buyer's premises and shall maintain proper Workmen's Compensation insurance covering all employees performing this Purchase Order. Upon Buyer's request, Supplier shall return all Buyer's Data and any copies thereof to Buyer. If with Buyer's written consent, Buyer's Data is furnished to Supplier's suppliers or subcontractors for use in the performance of this Purchase Order, Supplier shall (i) insert the substance of this provision in its orders with its suppliers and subcontractors and (ii) remain responsible hereunder for any breach by such supplier or subcontractor.

18. ASSIGNMENT: No assignment of this Purchase Order, or any duty or right under it, shall be binding upon Buyer unless Supplier first obtains Buyer's written consent to such assignment. Any attempt to assign or delegate in violation of this section shall be void.
19. SUBCONTRACTING: Without the prior written consent of Buyer, Supplier shall not subcontract for procurement of all or any number of the Components covered by this Purchase Order in completed or substantially completed form. Supplier will be responsible for the performance of its subcontractors and suppliers and any breach or default of any provision of this Purchase Order by any of them shall be deemed a breach or default by Supplier.
20. TERMINATION:
 - (a) Termination for Convenience. Buyer may terminate, for its convenience, this Purchase Order, in whole or in part, by providing written notice to Supplier. Upon receipt of such notice, Supplier shall (i) immediately discontinue all work with respect to that portion of this Purchase Order terminated by Buyer; (ii) place no additional orders or subcontracts for materials or services as to that part of the work terminated; and (iii) take such other reasonable action as may reduce any termination costs due Supplier. In the event Buyer terminates for convenience any Purchase Order, in whole or in part, Supplier may submit a written claim which shall be limited to (i) an amount equal to or less than the aggregate purchase price of all Components completed prior to the termination within the established lead-times set by Buyer's delivery schedule, and (ii) Supplier's raw materials, work in process, supplies and other material costs (excluding overhead and profit) incurred in the production of any uncompleted Components scheduled for delivery within the established lead-times; provided that such costs under (i) and (ii) cannot be allocated by Supplier to other work. In no event shall termination costs exceed the total purchase price of the Components terminated by Buyer.

Unless otherwise agreed to in writing by Buyer, any termination of this Purchase Order for Default or Insolvency shall operate as a cancellation of the entire undelivered portions of this Purchase Order, and Buyer shall retain all remedies at law or in equity arising out of the cancellation. Supplier will be liable for all Buyer's actual costs, expenses and damages caused by or resulting from Supplier's default including but not limited to excess costs associated with the re-procurement of the Components.

22. **PATENTS AND PATENT INDEMNITY:** Except when the work hereunder or supplies are manufactured to detailed designs, originated and furnished by Buyer or by a process or method the use of which is specifically directed by Buyer, Supplier guarantees that the goods produced hereunder and the sale, importation or use of them will not infringe any patents and Supplier shall indemnify and save Buyer and its customers harmless from, any expense, loss, cost, damage or liability which may be incurred on account of infringement or alleged infringement of patent rights with respect to such Components and defend, at its own expense, any action or claim in which such infringement is alleged, provided Supplier is notified of such actions or claims against Buyer. In the event of an injunction or restraining order, Supplier shall, at its own expense, either procure for Buyer the right to continue to sell, import and use the Component, or replace or modify the Component so that it becomes non-infringing.
23. **OBSOLESCENCE MANAGEMENT:** Supplier will proactively monitor all items and material used in the manufacture of the Components for impending obsolescence issues due to Components that have or will be taken out of production or the use of which has been announced as being or to be restricted or forbidden by a regulatory agency. Supplier agrees to provide Buyer with immediate notice of any potential obsolescence issue known to the Supplier with such notice to include the reason for obsolescence, estimated date the item/Component will no longer be available, any proposed alternatives, and a last-time buy opportunity at then current pricing for such item/Component. Such notice shall be provided to Buyer at least six (6) months prior to the anticipated obsolescence date. In addition, Supplier shall provide Buyer with a replacement item/Component which has design parameters and specification documentation that is fully consistent with the obsolete item/Components' then-current design parameters and requirements documents within twelve (12) months prior to ending Supplier's production of the Component.
24. **STATUS AS INDEPENDENT CONTRACTOR:** Supplier is an independent contractor and while performing work on or off Buyer's premises, neither it nor any of its agents or employees shall be considered agents or employees of Buyer.
25. **LABOR DISPUTE:** Whenever any actual or potential labor dispute delays or threatens to delay the timely performance of this Purchase Order, Supplier shall immediately give written notice thereof to Buyer. Supplier shall insert the substance of this provision in its orders with its suppliers.
26. **NON-WAIVER AND REMEDIES:** Any and all failure, delay or forbearance of Buyer insisting upon or enforcing at any time or times, any of the provisions of this Purchase Order, or to exercise any rights or remedies under this Purchase Order shall not be construed as a waiver or relinquishment of any such provisions, rights or remedies in those or any other instances, rather the same shall be and remain in full force and effect. The

TERMS AND CONDITIONS OF PURCHASE

remedies herein reserved unto Buyer shall be cumulative and additional to any other remedies in law and equity.

27. **GOVERNING LAW:** This Purchase Order and the contract between the parties evidenced hereby shall be deemed made in the State specified in the address of Buyer identified on the face sheets of this Purchase Order and any action arising out of or related thereto, including tort claims, shall be construed and interpreted solely in accordance with the laws of such State disregarding any conflict of law provisions that may require the application of the law of another jurisdiction. In no event shall Supplier commence any action arising out of the Purchase Order or the contract between the parties later than one year after the cause of action has accrued.
28. **STANDARDS OF BUSINESS CONDUCT:** Supplier shall have and adhere to a code of conduct or policy statement regarding business conduct, ethics and compliance that meets or exceeds the principles and expectations set forth in Buyer's Standards of Business Conduct which can be found at: http://www.rockwellcollins.com/Our_Company/Ethics.aspx.

30. **PUBLICITY:** Supplier shall not use the name of Buyer in any advertising or publicity, nor make any news release, public announcement, denial, or confirmation of this Purchase Order or any part or any phase thereof, without the prior written approval of Buyer.
31. **COMPLIANCE WITH LAW:**
- (a) Supplier warrants that the performance of any work pursuant to this Purchase Order is and shall, in all respects be in strict compliance with all laws, rules, regulations, ordinances, proclamations, demands, directives, or other legal requirements that now govern or may hereafter govern the manufacture, sale or delivery of the Components contemplated by this Purchase Order including but not limited to any applicable laws relating to basic working conditions and human rights, slavery or human trafficking. Supplier represents that it will not furnish or supply "counterfeit goods" to Buyer including but not limited to the Components or materials or sub-components of Components. Supplier's violation of any applicable laws relating to basic working conditions and human rights, including laws regarding slavery and human trafficking, applicable to Supplier's performance of work pursuant to this Purchase Order, shall be deemed a material breach of this Purchase Order giving Buyer the right to cancel any undelivered portions of this Purchase Orders for cause and Buyer may also exercise any other rights it may have at law, equity or under these Terms and Conditions for Supplier's breach. Supplier agrees upon request to furnish Buyer with a certificate of compliance relating to any such laws and regulations in such form as Buyer may require. Supplier agrees to indemnify and hold Buyer harmless from any liability arising from any failure of Supplier to comply with such laws and regulations. Supplier agrees to obtain all necessary permits and licenses at its expense.
- (b) In performing the obligations of this Agreement, Supplier will comply with all applicable export, import and sanctions laws, regulations, orders, and authorizations, as they may be amended from time to time, applicable to the export (including re-export) or import of goods, software, technology, technical data or

- (c) Supplier shall obtain all export or import authorizations, permits and licenses at its expense, which are required under the Export/Import Laws to execute its obligations under the Purchase Order. Supplier shall at its own expense to support Buyer in obtaining any necessary licenses or authorizations required to perform its obligations under the Purchase Order. Support shall include providing reasonably necessary documentation, including import, end-user and retransfer certificates.
- (d) Supplier shall, upon request, notify Buyer of the export classification (e.g., the Export Control Classification Numbers (“ECCN”), Harmonized Tariff Schedule (“HTS”) code or U.S. Munitions List (“USML”) category and subcategory) for such goods, software, technology, technical data or services as well as the export classification of any components or parts thereof if they are different from the export classification of the goods, software, technology, technical data or services at issue. Supplier acknowledges that this representation means that an official capable of binding the party providing such goods, software, technology, technical data or services knows or has otherwise determined the proper export classification.
- (e) If Supplier delivers Components to Buyer that are shipped directly to Buyer where Buyer is the importer of record into the United States and its insular possessions, Supplier agrees to, upon request, complete Buyer’s Customs-Trade Partnership Against Terrorism (“C-TPAT”) Security Self Assessment Questionnaire.
- (f) In addition, Supplier shall comply with all applicable country laws relating to anti-corruption or anti-bribery, including but not limited to (i) the requirements of the Foreign Corrupt Practices Act, as amended, (FCPA) (15 U.S.C. §§78dd-1, et. seq.), regardless of whether Supplier is within the jurisdiction of the United States; (ii) the United Kingdom’s Bribery Act 2010 (the “Bribery Act”); and (iii) legislation implementing the Organization for Economic Co-operation and Development “Convention on Combating Bribery of Foreign Public Officials in International Business Transactions” (the “OECD Convention”) or other anti-corruption/anti-bribery convention. In addition Supplier shall neither directly nor indirectly, pay, offer, give, or promise to pay or give, any portion of monies or anything of value received from Buyer to a non-U.S. public official or any person in violation of the FCPA and/or in violation of any applicable country laws relating to anti-corruption or anti-bribery.
- (g) Supplier shall disclose to Buyer any “conflict minerals” (as defined in Section 1502 of the Dodd–Frank Wall Street Reform and Consumer Protection Act and the SEC rules implementing the requirements of Section 1502 (collectively, the “Conflict Minerals Rules”)) that are contained in the Components prior to delivering such Components to Buyer. If any of the Components contain conflict minerals, Supplier shall, at Buyer’s request, cooperate in good faith and provide sufficient information to enable Buyer to conduct a “reasonable country of origin inquiry” regarding these conflict minerals in a manner that satisfies Buyer’s obligations under the Conflict Minerals Rules and, in the event that the conflict minerals contained therein come from the “Covered Countries” (as defined in the Conflict Minerals Rules), Supplier shall cooperate in good faith and provide sufficient information to enable Buyer to conduct the due diligence investigation required under the Conflict Minerals Rules and to provide the necessary information in a conflict minerals report required under the Conflict Minerals Rules. In addition to these specific inquiries, Supplier shall cooperate in good faith and provide all information that is reasonably requested by Buyer in connection with its compliance with the Conflict Mineral Rules.
