Production and Support Discontinuance Bulletin

Legacy Airshow 400/410 Moving Map Systems

Summary

Due to the obsolescence of key hardware components and the need for technology advancement, Rockwell Collins has discontinued support of several legacy Airshow Moving Map products.

Am I affected?

Effective immediately the parts listed on this notice will no longer be supported by Rockwell Collins. Rockwell Collins will make its best efforts to service these legacy Airshow parts, including repairs and software customizations, for as long as possible. Customers are advised that availability of select parts is limited, which can create extended repair turnaround times and in some cases prevent units from being repaired.

Product type	Description	Obsolete part number	Replacement product
Airshow 400	Flange Mount	920040	AS4000 or AS500
