Rockwell Collins will still be able to offer assistance in troubleshooting and repairing many of the affected LRUs. However, Rockwell Collins reserves the right to decline a request for service and/or a request for quote to repair the affected product. In addition, while Rockwell Collins may agree to attempt to repair a product, it does not guarantee the repair can be completed. In the event it is determined the product is beyond Rockwell Collins' repair capabilities the product will be returned in 'as-is' condition.

What are my options?

Upgrade to a CTL-32G/62G Radio Controllers

The CTL-32G/62G is available as a replacement. Aircraft rewiring may be required. New purchase orders created after January 1, 2016, should be converted to the Rockwell Collins CTL-32G/62G.

These designs incorporate an all digital architecture and LED displays, which enhance reliability and extend the long tradition of dependable performance of Pro Line II controls and the value of Pro Line II radios.
